**Subject:** Patent application update

Jarret, Dan,

Congratulations!

After much work, your patent application "Backprinting Image Prints" has been allowed with a subset of the claims we originally filed (the multiple recipient set). I have filed a continuation application based on the same original specification with the claims on "customized backprinting messages".

I'd appreciate it if you can sign the attached document at highlighted areas and fax the signed sheets to me at 650-654-1299.

Dan, you can make the same correction on paper as you did last time.

Stay tuned for more good news.

Cheers!

Xin
